Product specification

Refined cane sugar, ICUMSA 45 — Brazilian origin

This is the contractual specification annexed to the sale and purchase agreement as Annex A. Quality is established at the load port by an independent inspector, and that certificate is final and binding on both parties.

1. Identification

Product	White refined cane sugar, ICUMSA 45, fit for human consumption
Origin	Brazil
Grade	Export standard
Crop	Current crop, season of shipment
Packing	New 50 kg polypropylene (PP) bags, export standard
Marking	As per buyer's instructions, subject to the destination country's rules

2. Analytical specification — Annex A

Parameter	Specification
Polarization	99.80% minimum
Colour	Sparkling white, max. 45 ICUMSA attenuation units (method #10 – 1978)
Ash content	0.04% maximum
Ash by electrical conductivity	0.04% maximum (dry-weight basis)
Moisture	0.04% maximum
Granulation	Fine standard
Solubility	100% dry / free fine-flowing
Substance	Solid crystal
Radiation	Normal, within internationally accepted limits
Smell	Free of any unusual or abnormal odour
Magnetic particles	4 mg/kg
Sulphur dioxide (SO_2)	15 mg/kg
Sediment	None
Reducing sugar	0.010% maximum by weight
HPN Staph. aureus	NIL per 1 gram
Arsenic (As)	1 PPM maximum
OS	2 PPM maximum

Parameter	Specification
Copper (Cu)	3 PPM maximum
Pesticide traces (max mg/kg)	DDT 0.005 | Photoxin 0.01 | Hexachloran Gamma Isomer 0.005

3. Inspection and quality determination

Quantity and quality are determined at the load port by SGS, or a similar first-class independent inspector, appointed and paid as set out in the sale and purchase agreement. The inspection certificate issued at the load port is final and binding on both parties. The buyer remains free to appoint its own surveyor at destination, at its own cost, for its own records.

4. Delivery terms

Incoterm	CIF (Incoterms® 2020)
Destination	ASWP — any safe world port
Shipment	Twelve monthly shipments under a twelve-month contract
Guarantee	Standby letter of credit, issued by authenticated SWIFT MT760
Payment	SWIFT MT103 at destination, against presentation of shipping documents

5. Documents accompanying each shipment

Electronic Sales Invoice for Export (Nota Fiscal Eletrônica — NFe)
Packing List
Certificate of Origin
SGS Certificate (or similar first-class independent inspector)
Bill of Lading (full set, clean on board)
Phytosanitary Certificate

Tolerance. Any parameter is assessed against the certificate issued at the load port. Where a shipment falls outside specification, the remedy is the one written into the sale and purchase agreement — there is no separate arrangement, and no tolerance is granted verbally.

This specification is issued for information. It forms part of the contract only when annexed to a signed sale and purchase agreement. It is not an offer, a solicitation or a commitment to sell; availability, price and terms are confirmed solely by a full corporate offer countersigned by the seller. EWT and YLS Export are not parties to the sale contract and provide no financial service and no guarantee.
